PLAN: (ATTACH IMPLEMENTATION PLAN):

Work Integrated Learning Plan:

- Duration: 12 months (01 January to 31 December).
- Project based learning (PBL) WIL curricular model implemented.
- Daily stand-up meeting with team.
- Students are required to complete a monthly attendance register.
- Students are required to complete a monthly report.

Academic Plan:

- Students are registered for the subject Project Presentation 3.
- Students need to be released for tests in March and September.
- Students need to be released for exams in June and November.

WORK DONE:

- *Week 1 (01 September- 5 September) – Academic Leave*
- *Week 2 (8 September – 12 September) – Sprint 5: Brand Guide Development*
- *Week 3 (15 September – 19 September) – Sprint 5: Brand Guide Development*
- *Week 4 (22 September – 26 September) – Sprint 6: Mockup Development*
- *Week 5 (29 September – 30 September) – Sprint 6: Mockup Development*

MENTORS COMMENTS ON LEARNERS' PERFORMANCE:

Kyle maintains his great attendance, and his mockups were good.

GENERAL COMMENTS:

None

COMMENTS

Punctual

Logo Concept & Refinement

After reviewing the provided concepts, the most suitable starting point is the cartoon owl with a graduation cap on top of books.

Rationale for Choice:

The owl is a classic symbol of wisdom and knowledge, making it instantly recognizable in an educational context. The graduation cap reinforces the tertiary education focus. This approachable, slightly playful character aligns perfectly with the brand's Supportive and Relatable personality, making it appealing to the primary audience (like Sipho and Mary-Ann) without feeling overly corporate or intimidating.

Refinements for Aesthetics, Clarity, and Scalability:

- **Aesthetics:** Simplify the illustration. Reduce intricate details in the feathers and books to create a cleaner, more modern look. Ensure the owl's expression is friendly and encouraging.
- **Clarity:** Bolden the key lines to ensure the logo remains clear when scaled down. The graduation cap and book stack should be unmistakable elements.
- **Scalability:** Test the logo at various sizes (e.g., 24px favicon, 500px header) to guarantee the owl's face and core elements are still discernible. Adjust line weights and spacing accordingly.

The refined logo mark is shown below:

Logo Lockup:

The primary logo will be a **horizontal lockup** combining the refined icon with the logotype.

Initial Logo Usage Guidelines

1. Variations

To ensure flexibility across different applications, the following logo variations are approved:

- **Primary Logo (Horizontal):** The full-colour horizontal lockup is the primary logo for most applications (website headers, merchandise, presentations).
- **Stacked Logo (Vertical):** A vertically arranged version for spaces where horizontal space is limited (e.g., social media profile pictures, mobile app icons).
- **Icon Only:** The owl icon alone may be used in extremely constrained spaces where the full logotype would be illegible (e.g., favicon, app launcher icon, small social media avatars).
- **Wordmark Only:** The "StudyBuddy Hub" logotype without the icon may be used in contexts where the icon has already been established nearby or in text-heavy environments.

2. Safe Zones (Exclusion Zone)

To protect the logo's integrity and ensure it always has prominence, a minimum area of clear space must surround it. This clear space is defined by the height of the letter "S" in the wordmark.

Minimum Clear Space = x

(x = the height of the 'S' in StudyBuddy)

No other graphic elements, text, or imagery should encroach upon this area.

3. Minimum Sizes

To maintain legibility and impact, the logo should not be reproduced smaller than the following sizes:

- **Print Applications:** 25mm width for the primary horizontal logo.
- **Digital Applications:** 100px width for the primary horizontal logo.
- **Icon Only:** 24px x 24px (for use as a favicon or similar).

4. Basic Colour Palette Considerations

The logo should be used in the following approved colour combinations to ensure consistency with the overall brand identity.

- **Primary (Full Colour):**
 - **Icon:** Owl in Navy Blue (#2C3E50), Cap Tassel and Book Covers in Sunshine Yellow (#FFD700), Book Pages in Grass Green (#4CAF50).
 - **Wordmark:** Navy Blue (#2C3E50).
 - **Background:** White or light neutral colours.
- **Reversed (Light Version):**
 - **Logo/Icon:** Entirely White or very light grey.
 - **Background:** Navy Blue (#2C3E50) or other dark brand colours. Ensure sufficient contrast.
- **Monochromatic:**
 - **Black:** For single colour print applications like photocopies or embossing.
 - **White:** For single-colour applications on dark backgrounds.

Unacceptable Use:

- Do not change the approved colour schemes.
- Do not place the full-colour logo on a clashing or overly busy background that reduces readability.
- Do not distort, rotate, or add effects like drop shadows or bevels to the logo.
- Do not recreate or alter the icon yourself; always use the provided master file.

III. Brand Story

What Are We About? (Company Profile)

StudyBuddy Hub is an online platform designed for university and college students to easily share and access study materials, form virtual study groups, and get academic support from peers. The platform operates in the education technology (ed-tech) industry and focuses on creating a supportive online environment for collaborative learning. What makes us special is that we're created by students, for students, focusing on local institutions to ensure relevant and useful content.

Vision Statement

To become the leading online community for students across South Africa to learn, collaborate, and succeed together — one note and one question at a time.

Mission Statement

Our mission is to empower students by providing a simple and effective platform where they can share resources, connect with peers, and support each other's academic journey.

Origin

- **The Spark:** The idea came from personal experience as a student, noticing the difficulty in finding past papers, good notes, or connecting with classmates when struggling. Many students work alone, even when collaboration could make learning easier.
- **Idea Evolution:** The concept grew from a basic file-sharing system into a full platform after recognizing the need for organized study groups and a judgment-free space for academic questions.

IV. Brand Values

1. **Collaboration** – We believe in the power of shared knowledge and peer support to enhance learning.
2. **Accessibility** – Our platform is free and designed for students with limited financial resources.
3. **Local Relevance** – We focus on South African curricula and institutions to ensure practical utility.
4. **Inclusivity** – We create a welcoming space for all students, regardless of background or learning style.
5. **Innovation** – We continuously adapt to student needs with user-friendly tools and features.

V. Brand Personality

1. **Supportive** – We foster a nurturing environment where students feel encouraged to ask questions and share resources.
2. **Relatable** – Our tone is casual and student-centric, mirroring the language and challenges of our users.
3. **Energetic** – We inspire motivation and engagement through vibrant visuals and interactive features.

VI. Target Market

Customer

Our primary customer is the first-year tertiary student (18–22 years old) in South Africa, facing academic, financial, and social challenges. They rely heavily on mobile devices for learning and need affordable, localized resources. Our secondary audience consists of senior students who share resources or mentor peers.

Persona Profiles

- **Primary - Sipho Maddala:** Introverted, anxious, and resourceful. Needs reliable notes and study groups. Struggles to connect with peers and cannot afford paid platforms.
- **Primary - Mary-Ann Peters:** Outgoing and busy. Struggles with organizing group study sessions and accessing organized materials.
- **Secondary - Kyle Johnson:** Tech-savvy but frustrated by fragmented communication tools like WhatsApp groups.
- **Secondary - Zanele Ndlovu:** Shy and creative. Seeks curriculum aligned examples and confidence-building support.

Persona Profiles

Sipho Maddala
Primary | First-year student

Introverted, anxious, and resourceful. Needs reliable notes and study groups.

Introverted Resourceful

Mary-Ann Peters
Primary | First-year student

Outgoing and busy. Struggles with organizing group study sessions.

Outgoing Time-constrained

Kyle Johnson
Secondary | Senior student

Tech-savvy but frustrated by fragmented communication tools.

Tech-savvy Mentor

Zanele Ndlovu
Secondary | Senior student

Shy and creative. Seeks curriculum-aligned examples and confidence-building support.

Creative Reserved

Competitors

- **Studocu:** Large resource base but lacks local South African content and has unvetted quality.
- **Chegg:** Expert-reviewed content but is an entirely paid service, making it expensive and irrelevant to the local curriculum.
- **Course Hero:** Wide subject coverage but has inconsistent quality, few South African materials, and a confusing pricing model.
- **Quizlet:** Gamified and simple but not tailored to university level depth or specific modules.

Market Position: StudyBuddy Hub fills the gap by offering free, localized, and collaborative tools specifically for South African students.

VII. Visual Identity

Logo Guidelines

Primary Logo (Horizontal Lockup)

Variations

- **Stacked Logo:** For use in vertical spaces.

- **Icon Only:** For use as a favicon or app icon at extremely small sizes.

- **Wordmark Only:** For use where the icon is already established.

Safe Zone (Exclusion Zone)

A minimum clear space, equal to the height of the letter 'S' in the wordmark, must be maintained around all sides of the logo. [Diagram showing logo with 'x' height marked and clear space around it]

Minimum Size

- **Digital:** 100px width for the primary horizontal logo.
- **Print:** 25mm width for the primary horizontal logo.
- **Icon Only:** 24px x 24px.

Colour Usage

- **Full Colour:**
 - **Icon:** Owl: #2C3E50 (Navy), Cap Tassel & Books: #FFD700 (Yellow), Book Pages: #4CAF50 (Green)
 - **Wordmark:** #2C3E50 (Navy)
 - **Background:** White or light neutral colours.
- **Reversed (Light):** Entirely white on dark backgrounds (e.g., #2C3E50 Navy).
- **Monochromatic:** Solid black for single colour print or solid white for dark backgrounds.

Unacceptable Use

- Do not change colours, distort, rotate, or add effects like shadows.
- Do not recreate or alter the icon.
- Do not place on clashing or busy backgrounds.

Aa Bb Cc 123

StudyBuddy Hub is an online platform designed for university and college students to easily share and access study materials, form virtual study groups, and get academic support from peers.

Imagery & Iconography

Imagery Style

- **Visual Mood:** Warm, energetic, and approachable.
- **Aesthetic:** Realistic with a minimalist touch. Features diverse groups of South African students collaborating in casual, relatable settings (e.g., libraries, cafés, campus lawns). Avoid overly staged stock photos.
- **Example:**
[Placeholder Image: Group of diverse students laughing over notes in a library]
Casual, collaborative, and inclusive.

Iconography Style

- Icons should be simple, modern, and line-based. They should primarily use the primary Navy Blue (#2C3E50) colour, with accents in Sunshine Yellow (#FFD700) for key actions.

VIII. References

- **Logo Concept & Design:** Original design by Kyle Assur – 219070091, with the use of Canva AI for StudyBuddy Hub, inspired by classic symbols of wisdom (owl, books, graduation cap). Refined for scalability and brand alignment.
- **Typography:**
 - Poppins Font: Indian Type Foundry, <https://fonts.google.com/specimen/Poppins>
 - Open Sans Font: Steve Matteson, <https://fonts.google.com/specimen/Open+Sans>
- **Colour Palette:** Original palette developed to reflect brand values (Trust, Energy, Growth).
- **Persona Profiles & Competitor Analysis:** Original research and synthesis conducted for Assur_K_ResearchStrategy_V1.pdf.
- **Brand Strategy:** Core narrative, values, and mission defined in Assur_K_BrandStrategy&VisualConcepts_V1.pdf and Assur_K_BusinessConcept_V1.pdf.
- **Logo Guidelines Framework:** Structure informed by industry standard practices and Assur_K_LogoGuidelines_V1.pdf.

About StudyBuddy Hub

Created by students, for students. Making academic success accessible for all.

Our Story

StudyBuddy Hub was born from a simple observation: South African university students face unique challenges in accessing relevant study materials and finding peer support.

In 2021, a group of students from various South African universities came together with a shared vision: to create a platform where students could easily share resources, form study groups, and get academic support from peers who understand their specific context.

What started as a small WhatsApp group for sharing notes quickly evolved into a comprehensive online platform serving thousands of students across South Africa's major universities.

Today, StudyBuddy Hub is the leading student-led academic support platform in South Africa, focusing on creating a supportive community where students help each other succeed.

Our Mission & Values

We're guided by a clear mission and strong values that put students first.

Our Mission

To democratize access to quality educational resources and support for all South African tertiary students, regardless of their background or institution.

Our Vision

A future where every South African student has equal access to the resources, support, and community they need to excel academically and reach their full potential.

Community First

We believe in the power of peer support and collaborative learning. Our platform is built on the principle that students helping students creates the most effective learning environment.

Integrity & Quality

We're committed to maintaining high standards for all resources shared on our platform, ensuring students receive accurate and helpful information.

Accessibility

We're dedicated to making quality educational resources accessible to all students, regardless of their financial situation or background.

Meet Our Team

Frequently Asked Questions

Common questions about using StudyBuddy Hub

Is StudyBuddy Hub free to use?

Yes, StudyBuddy Hub is completely free for all verified South African tertiary students. We believe in making education accessible to all.

How do you verify student status?

We verify student status through your university email address. When you sign up with your .ac.za email, we'll send a verification link to confirm you're a current student.

What types of resources can I share?

You can share a variety of academic resources including lecture notes, study guides, past exam papers, assignments (after submission deadlines), summaries, and flashcards. All content must comply with our academic integrity policy.

How do I report inappropriate content?

If you find content that violates our community guidelines or academic integrity policy, you can report it using the "Report" button on the resource page. Our moderation team will review it promptly.

Can I use StudyBuddy Hub on my mobile device?

Yes, StudyBuddy Hub is fully responsive and works on all devices. We've optimized the platform for mobile use since we know many South African students primarily access the internet via smartphones.

How can I become a mentor on the platform?

Senior students (3rd year and above) can apply to become mentors through their profile settings. Mentors receive special recognition and can provide verified answers in the Q&A forum.

Ready to Transform Your Learning Experience?

Join thousands of South African students already using StudyBuddy Hub to excel in their studies.
